

Wireless 8g vibration meter SBR - A DIN 4150

Features

- 3-axis integral MEMS accelerometer
- Long life rechargeable internal battery
- 128 Mb internal memory
- Up to 4k samples/sec, 100 % rate
- Accurate date/time clock
- Dust/water protected (IP57)
- LED lights for status
- USB ready
- Powerful integrated Wifi
- Custom email alarms

Free softwares

- Manager and Listener
- Complete post-processing tools
- SBR - A & DIN 4150 calculator

Applications

- Building-health monitoring
- Long-term seismic monitoring
- Long-term inclination monitoring
- Recording of signal statistics
- Recording of RMS levels
- Machinery wear monitoring
- Extreme conditions monitoring

Cloud solution

- Personal & secure page
- 500 Mb storage per subscription
- Real-time instrument's health
- Real-time recorded values
- Read & download data anytime
